DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/06/07 has been entered.

Oath/Declaration

2. For any reissue error corrected which is not covered by an oath or declaration, i.e., any 35 U.S.C. 251 error corrected after the filing of all oaths and declarations currently in the reissue application, Applicant must submit a "catch-up" supplemental oath or declaration prior to allowance stating " *Every error in the patent which was corrected in the present reissue application, and which is not covered by the prior oath(s) and/or declaration(s) submitted in this application, arose without any deceptive intention on the part of the applicant.*" (37 CFR 1.175(b)(1)), or language equivalent thereto. See MPEP § 1444 for handling supplemental oaths/declarations.

Allowable Subject Matter

3. Claims 65-67, 75, 76, 85-89, 91-106, 108-117 have been allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 65-67, 75, 76, 85-89, 91-106, and 108-112, reasons for indication of the allowable subject matter have been presented earlier in section five (5) of the final Office action of 07/06/2007. Regarding the newly added claims 113-117, the independent claim 113 is allowed for the same reasons as previously allowed claim 85.

Furthermore, all limitations “display panel(s)” throughout the allowed claims have been given their broadest reasonable interpretation consistent with the specification, which is the “Liquid Crystal Display (LCD) panel(s)”, (“the meaning of a particular claim term may be defined by implication, that is, according to the usage of the term in >the< context in the specification”. See *Phillips v. AWH Corp.*, 415 F.3d 1303, 75 USPQ2d 1321 (Fed. Cir. 2005)).

Conclusion

4. This application is in condition for allowance except for the formal matters presented above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm’r Pat. 1935). Therefore, no amendments affecting the scope of the claims are allowed.
